1 Idea 1 >> Travel planning website

Create a travel planning website that helps users plan and book their trips. The platform could include features such as travel guides, destination reviews, booking tools, and itinerary planning tools. The site could generate revenue through advertising, affiliate marketing, or commission on bookings.

2 Idea 2 >> Group calander (Google Calander + Trello)

Create a teamwork platform that has both the functionalities of google calander and Trello, on which you can plan events, assign tasks, and schedule meetings according to the available time of each other's calendar.
